

## ELEMENT 5

Hi 👋 Jack,

If you signed up to hear from Element 5 some time ago, you may have noticed that we have not been in touch very often.

Or at all.

Over the last few months, we have been focused on developing and refining the product itself. In doing that, we seem to have taken the approach of saying nothing until we had something useful to say.

Which, unfortunately, meant many people joined our list and then heard precisely zero from us afterwards.

### We would like to change that.

Going forward, these emails will be used to explain how NMN fits into a longer term health routine, what can reasonably be expected from it, and how it should be used over time.

#### Ultra Pure NMN

500mg · 60 Capsules · 2 Month Supply

Zero fillers. Nothing but NMN.

Made in the UK. Lab tested.  
25,000+ sold.

[Shop Element 5 NMN](#)

There is a fair amount of information about NMN online, and not all of it sets the right expectations from the start. Our aim is simply to provide clearer guidance so that people who choose to use it understand what they are taking and why.

We will be in touch again shortly.
